English Oak Straight-Front Apprentice Chest of Drawers

Item #: NH099

English Oak Straight-Front Apprentice Chest of Drawers

-

Here we have a fine quality solid Mahogany chest of drawers c1870. This miniature apprentice piece has super colour and patina. This small chest has all the attributes of a full size chest of the period. There is a moulded edge to the top leading to a configuration of two over three drawers. The three full width drawers are graduated something that is not common on apprentice pieces. The drawers have wonderful moulded fronts and original turned knobs with rebated joints and Oak linings. The chest sits on scolloped base.
